

Mother Nature's

Immune Booster Kit

Boost your immune system the natural way; the way Mother Nature intended!

	<p>Most everyone is Zinc deficient. Zinc feeds your immune system, providing it with one of the most critical trace minerals for the immune system to function optimally. When an aggressive viral foreign invader enters your body and you have little or no zinc reserves, an overreaction can occur with both your immune system and the virus. Your white blood cells realize they have to destroy the invader fast, which is a good thing if you have enough zinc. Zinc makes aggressive viruses slow, lazy, and docile, and this allows your immune system to attack the virus and destroy it without a lot of pushback. If there are no reserves of zinc, then the viral pushback against your immune system could be aggressive and a war can occur that overwhelms your body. This creates more symptoms, discomfort, and illness.</p> <ul style="list-style-type: none"> • Zinc is an essential mineral for human health. • Supports healthy metabolism and a healthy immune system. • Zinc is an antioxidant. • Supports healthy eye function. • Zinc supports healthy DNA synthesis/gene expression.
	<p>Vitamin C is a powerful antioxidant that feeds your immune system. While protecting your cells from oxidation, Vitamin C has the ability to oxidize a pathogen, causing it to become injured, break down and disperse. Viruses are highly allergic to Vitamin C! Vitamin C is anti-inflammatory, helps increase our blood's white count, and generally boosts our immune system against viruses.</p> <ul style="list-style-type: none"> • Immune Support. • Enhances cardiovascular health, lowers blood pressure. • May reduce blood uric acid levels and help prevent gout. • Helps prevent iron deficiency. • Aids against dementia. • Reduces risk of eye diseases like cataracts and age-related macular degeneration.
	<p>Suntrex D3 is an organic vitamin D supplement that contains cholecalciferol — the biologically active form of vitamin D your body produces when exposed to sunlight. Derived from lichen, it is a plant-based, vegan-friendly formula that is perfect for everyone to meet their daily vitamin D requirements.</p> <ul style="list-style-type: none"> • Boosts the immune system. • Supports strong bones • Stimulates the brain.
	<p>Colloidal silver is a specially made formulation that takes tiny particles of silver and suspends them in water. Commercially available doses of colloidal silver come in both oral and topical forms of this essential mineral. Sovereign Silver has only two ingredients: 99.99% pure silver and pharmaceutical-grade purified water.</p> <ul style="list-style-type: none"> • Boosts the immune system. • Provides a defense against the common cold, flu and viruses. • Promotes faster healing of cuts, burns and blisters.
